

Medically Fragile 0-5 years old HCBS/LOC Functional Algorithm

A child meets “medically fragile” if he/she meets:

- At least one “3” on Criterion 1 **OR**
At least **TWO** “2” or “3” on Criterion 2

AND

- At least a “2” or “3” on Criterion 3
(such that in the absence of well-trained caregiver or medical personnel that this child’s care due to physical disability would be provided in a skilled alternate setting, i.e., hospital, nursing home)

Criterion 1.

Medical Health Module (93)

- Life Threatening (Item 93A)
- Chronicity (Item 93B)
- Intensity of Treatment (Item 93F)

Child Development Module (D)

- Positioning (Item D55)
- Transferring (Item D56)

Criterion 2.

Medical Health Module (93)

- Life Threatening (Item 93A)
- Chronicity (Item 93B)
- Intensity of Treatment (Item 93F)

Child Development Module (D)

- Eating (Item D53)
- Mobility (Item D54)
- Positioning (Item D55)
- Transferring (Item D56)
- Elimination (Item D57)

Criterion 3.

Medical Health Module (93):

- Impairment in Functioning (Item 93E)

Medically Fragile 6-21 years old HCBS/LOC Functional Algorithm

A child meets “medically fragile” if he/she meets:

- At least one “3” on Criterion 1 **OR**
At least **TWO** “2” or “3” on Criterion 2

AND

- At least a “2” or “3” on Criterion 3
(such that in the absence of well-trained caregiver or medical personnel that this child’s care due to physical disability would be provided in a skilled alternate setting, i.e., hospital, nursing home)

Criterion 1.

Medical Health Module (88)

- Life Threatening (Item 88A)
- Chronicity (Item 88B)
- Intensity of Treatment (Item 88F)

Self-Care Activities of Daily Living Module (89)

- Positioning (Item 89G)
- Transferring (Item 89H)

Criterion 2.

Medical Health Module (88)

- Life Threatening (Item 88A)
- Chronicity (Item 88B)
- Intensity of Treatment (Item 88F)

Self-Care Activities of Daily Living Module (89)

- Eating (Item 89A)
- Toileting (Item 89B)
- Mobility (Item 89F)
- Positioning (Item 89G)
- Transferring (Item 89H)

Criterion 3.

Medical Health Module (88)

- Impairment in Functioning (Item 88E)

Serious Emotional Disturbance (SED) 0-5 years old HCBS/LOC Functional Algorithm

A child meets "SED" if he/she meets:

- At least **ONE** "3" on Criterion 1.1 **OR** Criterion 1.2; **OR**
At least **ONE** "2" on Criterion 1.1 **AND** at least **ONE** "2" on Criterion 1.2; **OR**
At least **TWO** "2" on Criterion 1.2

AND

- At least **ONE** "3" **OR** "2" on Criterion 2 items within **TWO** or more of these five domains
 - Caregiver Needs and Strengths (A)
 - Child Strengths (B)
 - Child Needs and Functioning (C)
 - Risk Behaviors (F)
 - Preschool/Child Care Functioning (94)

Criterion 1.1

Behavioral Health Module (92)

- Attention/Concentration (Item 92A)
- Impulsivity (Item 92B)
- Anger Control (Item 92G)

Child Development (D)

- Agitation (Item D45)
- Sensory Reactivity (Item D58)
- Emotional Control (Item D59)
- Frustration Tolerance/Tantrumming (Item D60)
- Temperament (Item D61)

Criterion 1.2

Trauma Symptoms Module (91)

- Traumatic Grief (Item 91A)
- Re-experiencing (Item 91B)
- Hyperarousal (Item 91C)
- Avoidance (Item 91D)
- Numbing (Item 91E)
- Dissociation (Item 91F)
- Affective or Physiological Dysregulation (Item 91G)

Behavioral Health Module (92)

- Depression (Item 92C)
- Anxiety (Item 92D)
- Oppositional (Item 92E)
- PICA (Item 92F)

Risk Behaviors (F)

- Self-Harm (Item 69F)

Criterion 2.

Caregiver Needs and Strengths (A)

- Caregiver 1
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)
- Caregiver 2
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)
- Caregiver 3
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)
- Caregiver 4
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)

Child Strengths (B)

- Social Relationships (Item B30)
- Relationship Stability (Item B31)

Child Needs and Functioning (C)

- Attachment (Item C36)
- Living Situation (Item C37)
- Social Functioning (Item C43)

Risk Behaviors (F)

- Aggressive Behavior (Item F70)
- Fire Setting (Item F71)
- Problematic Social Behavior (Item F72)

Preschool/Child Care Functioning (94)

- Preschool/Child Care Behavior (Item 94B)
- Preschool/Child Care Attendance (Item 94D)

Serious Emotional Disturbance (SED) 6-21 years old HCBS/LOC Functional Algorithm

A child meets "SED" if he/she meets:

- At least **ONE** "3" on Criterion 1.1 **OR** Criterion 1.2; **OR**
At least **ONE** "2" on Criterion 1.1 **AND** at least **ONE** "2" on Criterion 1.2; **OR**
At least **TWO** "2" on Criterion 1.2

AND

- At least **ONE** "3" **OR** "2" on Criterion 2 items within **TWO** or more of these five domains
 - A - Caregiver Needs and Strengths
 - B - Child Strengths
 - C - Child Needs and Functioning
 - D - School/Academic Functioning
 - E - Risk Behaviors

Criterion 1.1

Behavioral Health Module (85)

- Attention/Concentration (Item 85B)
- Impulsivity (Item 85C)
- Anger Control (Item 85I)

Criterion 1.2

Trauma Symptoms Module (84)

- Traumatic Grief (Item 84A)
- Re-experiencing (Item 84B)
- Hyperarousal (Item 84C)
- Avoidance (Item 84D)
- Numbing (Item 84E)
- Dissociation (Item 84F)
- Affective or Physiological Dysregulation (Item 84G)

Behavioral Health Module (85)

- Psychosis (Item 85A)
- Depression (Item 85D)
- Anxiety (Item 85E)
- Oppositional (Item 85F)
- Conduct (Item 85G)
- Emotional Control (Item 85H)
- Attachment (Item 85J)

Risk Behaviors (E)

- Suicide Risk (Item E54)
- Self-Injurious Behavior (Item E55)
- Other Self-Harm (Item E56)
- Danger to Others (Item E57)

Criterion 2.

Caregiver Needs and Strengths (A)

- Caregiver 1
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)
- Caregiver 2
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)
- Caregiver 3
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)
- Caregiver 4
 - Decision-Making (Item A14)
 - Parenting Stress (Item A15)
 - Care/Treatment Involvement (Item A24)

Child Strengths (B)

- Social Relationships with Adults (Item B30)
- Relationship Stability (Item B31)

Child Need and Functioning (C)

- Living Situation (Item C40)
- Decision-Making/Judgement (Item C43)

School/ Academic Functioning (D)

- School Behavior (Item D50)
- School Attendance (Item D52)

Risk Behaviors (E)

- Fire Setting (Item E58)
- Sexually Reactive Behavior (Item E59)
- Sexual Aggression (Item E60)
- Delinquent Behavior (Item E61)
- Bullying (Item E62)
- Runaway (Item E63)
- Problematic Social Behavior (Item E64)
- Eating Disturbance (Item E65)
